September 27, 2017 8:30am - 4:30pm

Westerre Conference Center

OASIS C2 is home health's basis for reimbursement, outcomes, and the new Conditions of Participation. Ongoing education in completing the OASIS items is essential for the viability of your agency. We will work through common scenarios on the tough OASIS items and discuss practical ways for assessment. By the end of the session, participants will be able to describe the basics of the OASIS C2, identify "M" items with specific guidance in order to complete the OASIS C2 data items with more accuracy, and identify areas related to quality of care.

Objectives:

1. Identify OASIS C2 items important in outcome measurements
2. Explain how the new Conditions of Participation will change some items in the OASIS/Comprehensive Assessment
3. Identify OASIS C2 items used for the Star Ratings
4. Discuss timeliness of transmission of your OASIS and the consequences if you do not, and fraud and abuse related to OASIS

*An accurate OASIS score is imperative as it affects
Reimbursement, Surveys, Star Ratings, the Impact Act and your patient outcomes!*
