May 9, 2019 3-4 p.m. EST

Cindy Morgan, RN, MSN, CHC, CHPN

Description: No health care provider is immune from the potential for legal issues. When providing care for patients it must be done in a legal and ethical manner. This presentation will list ethical principles we should consider when delivering care as well as the more common allegations such as negligence, assault & battery and abuse that Nurse Aides should understand. Increased knowledge promotes adherence to standards of care and compliance with regulations & your agency's policies and procedures.
